

## Turning compliance into cost savings

Every organization faces unique challenges when managing benefits. One client needed a way to control costs while ensuring compliance and protecting employees' coverage. Their challenges included:

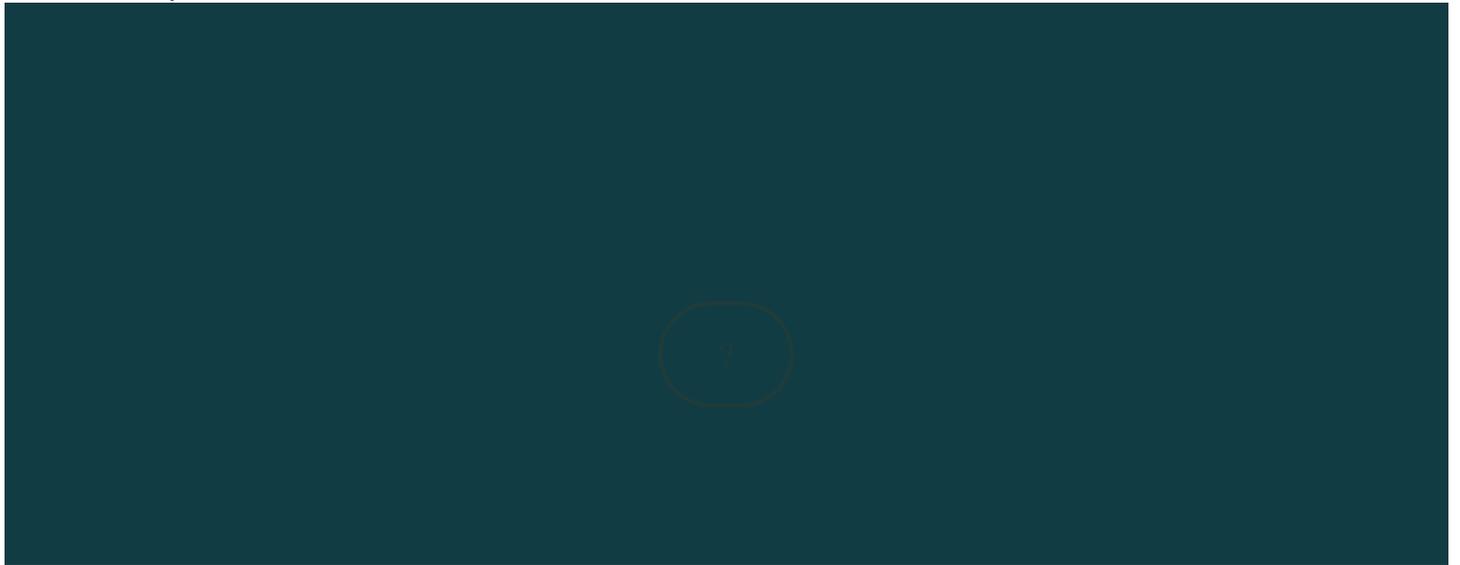

- Rising costs from ineligible dependents
- Ensuring adherence to fiduciary responsibilities
- Minimizing disruption for employees during verification

Learn how Aptia implemented a structured DEV program that removed ineligible dependents, achieved a 97.5% response rate, and delivered \$1.1M in annual savings.
