

[How an Education Employer Saved Over \\$1M Annually with DEV](#)

When an education employer needed to control rising benefits costs and strengthen compliance, Aptia delivered a solution that restored clarity and financial discipline. The client faced challenges including:

- Increasing benefits spend driven by ineligible dependent coverage
- Pressure to demonstrate clear ROI on health plan investments
- Fiduciary obligations requiring stronger oversight and verification

Learn how Aptia's end-to-end dependent eligibility verification — spanning amnesty, document review, and follow-up validation — helped the organization remove ineligible costs, reinforce plan integrity, and achieve over \$1M in annual savings.
